KENDRIYA VIDYALAYA, DHAR (M.P)

- High School
- 7 CGPA

WORK EXPERIENCE

Affimintus

APR 2024 - FEB 2025

UI/UX Designer

- Conducted user research to understand behaviors, needs, and motivations, informing design decisions.
- Created user personas, user journeys, and UX artifacts to guide design processes.
- Collaborated with product managers and designers to define user requirements and deliver solutions aligned with business goals.
- Designed wireframes, prototypes, and mock-ups to communicate design concepts, iterating based on feedback.
- Developed UI mockups and prototypes illustrating site functionality and aesthetics using Figma and Framer.
- Integrated basic front-end code (HTML, CSS, JavaScript, AJAX) to support interactive prototypes and ensure design feasibility.
- Explored Angular and React for building basic interactive components, enhancing prototype functionality.

Mindlance

OCT 2022 - JAN 202

US IT Recruiter

- Collaborated with government clients (State of North Carolina, Georgia, Virginia, New York, Iowa) and corporate clients (Wells Fargo, United Airlines, Citibank, Sedgwick, etc.).
- Sourced and recruited highly qualified candidates on a C2C basis for IT roles.
- Managed the full recruitment lifecycle, from sourcing to onboarding, for US clients.
- Developed and maintained relationships with candidates and vendors
